This is the first time in six months we have said

BARGAINS.

Not that we have not had Bargains, but just the contrary. They have been such frequent occurrences that we did not need to mention the word, as everybody recognizes the fact that our goods are always sold lower than those who are forever harping on an expression which they make meaningless by continually applying it to unsatisfactory qualities.

But Now We Say It with Emphasis

And give to it all its true power by backing the statement with figures that will appeal to every bargain seeker and bargain lover in Guthrie. Thus we will wind up our December business with one of the greatest and most reasonable offerings which has ever been attempted in

Dress Goods and Trimmings,

Long Span Up.
The long span of the new Fifth street bridge was put up yesterday.

Police Business Dull.
The city police complain. They have not had enough business within the past two weeks to keep them in practice.

He is Crazy.
Isaac Jones, a man hailing from the Iowa country, was adjudged insane in probate court yesterday and ordered sent to the Jacksonville, Ill., asylum.

Granted a Charter.
The K. of P. lodge of this city was granted a charter yesterday by Secretary Lowe. The incorporators are A. C. Rhoades, C. F. Cottrell and W. W. Painter.

Poor Abe.
In the archives of the district court there is a batch of papers covering a suit against one Abraham Lincoln, charged with assault. It almost reminds one of a story.

Don't Care a Rapp.
George Rapp, the elgar man, was assessed a fine in police court yesterday for drunkenness and peace disturbance. He is a nice man, but is mean when the whisky works.

Twenty Days for a Coat.
Jones, the colored kid who stole a coat from Patton's store, was sentenced to jail for twenty days by Judge Lawrence, and the auctioneer still is yelling, yelling still.

Wants Action.
Charles Watson, an alleged bold bad man, has filed suit in district court against Sheriff Painter and many others for arresting him without a warrant and refusing to accept a bond.

Roosting Winfield.
Many people are disposed to roast Landlord Smith of the Victor block for allowing the African dance on the fourth floor of his building on Wednesday night. Well, if Smith can stand it the people should not kick.

Cleared a Snag Sum.
The sum of \$124 was taken in by the Capital City minstrels. The expenses were \$30. The suits of the performers will be paid for and the residue of the money will go to the Capital City band and orchestra.

Will Not Run for Mayor.
Mr. G. H. Lynds avers that he is not a candidate for mayor at the next election, a report to the contrary notwithstanding. Mr. Lynds says his pressing business will not justify him in entering the political arena.

One on Taylor.
Among the audience at the minstrels Thursday night, was the mother of the irrepressible George Taylor, one of the end men. When George did his sleeping bit his mother thought it was genuine, and in tones of disgust said that George "was making a holy show of himself." She was almost prompted to send a boy to the stage door with the request to have George "wake up."

TO LOOT THE SANTA FE.
Maupin's Band of Bandits Planning to Rob a Train.

It is given out that Maupin's gang of bandits is planning again to attack the Santa Fe. Parties who came in on last night's train said that some movements were being made along the line between Arkansas City and this place which indicated that the officers of the road were fearing and expecting an attempt at train robbing on their line within the next few nights.

It is also said that advices which reached Superintendent George Hartman were of such a nature as to cause him to institute the most radical measures to guard against the surprise of the passenger trains that passed through the strip last night. That an attempt to rob the Santa Fe at a point between Perry and Ponca has been planned there is no doubt, and that, too, within the next few nights.

Book of the Fair.

We are in receipt of the eighth number of this very interesting publication. It is conceded that in no other form will the great Columbian Exposition be so fittingly portrayed for present use and permanent preservation, as in THE BOOK OF THE FAIR, a work of 1,000 imperial folio pages, 12x16 inches, printed on the finest enameled paper, and now being published in 25 parts of 40 pages each, at \$1.00 a part. The work presents all the features of the fair and the marvelous contents of all the great buildings. The pages are filled with scenes of beauty and utility, such as the fern mountain under the great dome, the room in King Ludwig's palace, the Electric Tower of Light, the Queen of England's tapestry, the French Pavilion, the Dehomany Village, the Battle Ship and ten thousand more. The book is for all time and should be in every household.

We understand that there is an opportunity for a few more competent persons to canvass for the superb book, and we know of no more praiseworthy or profitable occupation. Those interested can write to the Hancock company, 30 Auditorium, Chicago.

It Will Be Built.

Mr. Martin has returned from Arkansas where he has been on business pertaining to the Kansas, Oklahoma and Texas road. He met with a 4000 ft. drop.
